Met Father Christmas

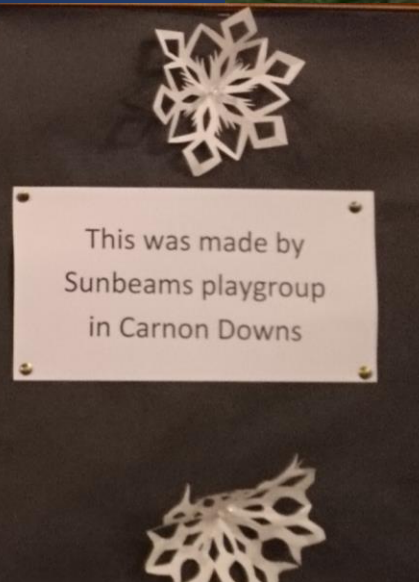

Music Taster

Christmas tree decorating

Collage for next year's Christmas Card

This was made by
Sunbeams playgroup
in Carnon Downs

These are some of the activities we did last year

We always have playtime followed by a snack, followed by nursery rhymes

Itsy bitsy spider

We would like to hear stories as well
But it is difficult to see the story book
as sometimes there are about twenty
of us children in the group sometimes
more

So we would love to have a ceiling mounted overhead projector for our music, story time

It needs to be wall mounted and easy to use because otherwise we might keep it in the toy cupboard

We would also like to share our projector with other groups that use the church hall
